Villa Hügel, Essen

Krupp Robotic Symposium

June 19, 2026

Alfried Krupp Krankenhaus

Robotic Bladder Conference

Live-OP | Semi-Live | Masterclass

Program in Detail

krupprobotic.com

8.30 h Welcome

8.45 h Live OP
with our new Da Vinci 5
RARC: E. Kjøbli
Neobladder: B. Kassabov

8.45 h Panel RARC – Intracorporeal neobladder I
Semi live neobladder different types masterclass steps
A. Mottrie: Robotic-assisted cystectomy: Step-by-step male
P. Wiklund: Robotic neobladder: Step-by-step
A. Minervini: The FloRIN technique
S. Buse: The orthotopic W shaped neobladder

11.15 h Coffee break

11.45 h Live OP
with our new Da Vinci 5
continued

11.45 h Panel RARC – Intracorporeal neobladder II
Semi live neobladder different types masterclass steps
A. Hosseini: Organ sparing RARC in female
S. Khan: How to establish a robotic cystectomy programme
F. D'Hondt: Two decades of experience with robot-assisted
Cystectomy: What have we learned?
E. Kjøbli: En bloc robotic radical cystectomy

13.15 h Lunch break

14.15 h Panel RARC – ileum conduit
Semi live ileum conduit different techniques
Masterclass steps
E. Canda: Intracorporeal urinary diversion: bricker conduit
C. Wjjburg: Learning curve analysis for intracorporeal
robot-assisted radical cystectomy
A. Haferkamp: Ileal conduit – new approach with SP-technique
B. Ubrig: Different anastomosis techniques ileo – urethral and ileo – ileal

15.30 h Tea break

15.50 h Panel RARC – Outcome and complications
Semi live
A. Minervini: Complication management
P. Wiklund: Outcomes after robotic-assisted cystectomy
J. Huber: RARC in the context of health services research
A. Hosseini: News from the ERUS Scientific Working Group

17.15 h Take home message – rapid round

17.30 h Get-together on the terrace
